

50⁵ Worlds 2003

Malmö, Sweden

Malmö Segelsällskap (Malmö Sailing Society) "MSS" was founded in 1876. MSS has many skilled sailors in different ages of which the club is very proud. MSS boats/crew have participated in the last five Olympic Games. The MSS club house is at Limhamn's yacht harbour, situated about six km. southwest of the centre of Malmö. The Marina has space for about 1.100 yachts.

MSS office (in the clubhouse) is manned daily between 8 am and 4 p.m. The clubhouse is open to the public and MSS guests and have many facilities as member's room and loft, a spacious public restaurant with good food and wine, toilets, showers, sauna etc. Close to the clubhouse we have the dinghy parking area and three slipways. There is a carparking area outside the clubhouse.

The regatta courses will be placed close to the harbour, which will make the races more attractive for the spectators. The view of the sailing yachts with the Oresund Bridge in the background is very impressive – and best enjoyed from the MSS clubhouse restaurant terrace.

Limhamn's City Centre with all kind of stores, restaurants etc is about 500 metres from the club. There is a leisure and beach area with wide grassy plains about 400 metres south of the club. A bit further south there is also a public bath with separated departments for ladies and gentlemen and a nice camping area etc. Buses to Malmö City center (with its large shopping centers, hotels etc.) depart about 400 meters from the club and the trip takes about 15 minutes.

The Oresund Bridge between Malmö (Sweden) and Copenhagen (Denmark) had its grand opening ceremony on July 1st, 2000 and is now open for car traffic and train travellers. The nearest railway station to Limhamn's marina is "Svågertorp". A bus connection to the station is available 500 metres from the club. The trip to Copenhagen by train takes about 20 minutes. Copenhagen is a big "international" city and offers unlimited shopping and amusements.

Copenhagen International Airport is located at the Danish end of the Oresund Bridge. The train between Malmö and Copenhagen stops at the airport and the travel time (public communications) between the MSS club and the airport is about 30-40 minutes (20 minutes with car).

We warmly welcome all 505 sailors from around the globe. We believe you will find Malmö and its surrounding area an ideal spot for sailing and family leisure.
